

## Learning Intentions

- To reflect on your strengths and weaknesses in math
- To make a plan for the rest of the term

## Assignment

1. Look at your shared marks document.
  - a. Are any assignments missing?
  - b. If yes, which one(s)?
  - c. If yes, what is the plan for making them up or omitting them?
2. What are your 2 biggest strengths in math?
3. What is your biggest weakness in math?
4. What will you do for the rest of this term to improve on your weakness? This will go on your midterm report card as a goal.

## Assessment

Curricular Competency	Insufficient Evidence	Emerging	Developing	Proficient	Extending
Connecting and reflecting
